INSIGHT

Delivers quality
projects to world
class standards

A photograph showing two construction workers in high-visibility yellow vests and white hard hats. They are working on a metal structure, possibly a staircase or a platform, with a bright sky in the background. The worker on the left is standing on a higher level, while the worker on the right is on a lower level. Both are looking down at their work.

OUTSIGHT

Endeavouring to provide
our customers a high
quality of service

Previous Projects

Dennis Building has aluminium windows manufacturing team. The team has the capacity to pump out complete windows for the whole property in less than a day. All of our windows come with the compliance stickers to show design performance set by the Australian Standard.

Aluminium Window Upgrades

We offer a huge range of aluminium framed window designs that can be tailored and customised to suit your specific requirements. Also we provides glass repair and replacement options to suit any commercial or industrial needs. We can offer many different design options to integrate with your existing premises or we can design something new to suit your current building project.

Our Products

Aluminium Windows: Sliding Windows, Awing & Casement Windows, Double Hung Windows

Aluminium Doors: Sliding & Stacking Doors, Bi-Fold Doors, Hinged Doors

Commercial Framing: Centre Glazed, Face Glazed, External Cap

Window & Door Furniture: Window & Door Lock and Handle

Fire Safety Upgrades

We have a lot of experience in all aspects of the Fire Safety upgrades and general contracting work. Also we have an extensive knowledge with fire safety upgrades and can offer the replacement of fire doors, installation of fire walls, fire damper replacement units and fire rated windows. We can also project manage or engage other trades such as electrical and fire extinguishers to undertake your requirements with minimal fuss and little interruption to your tenancy.

Damage Repair & Responsive Maintenance

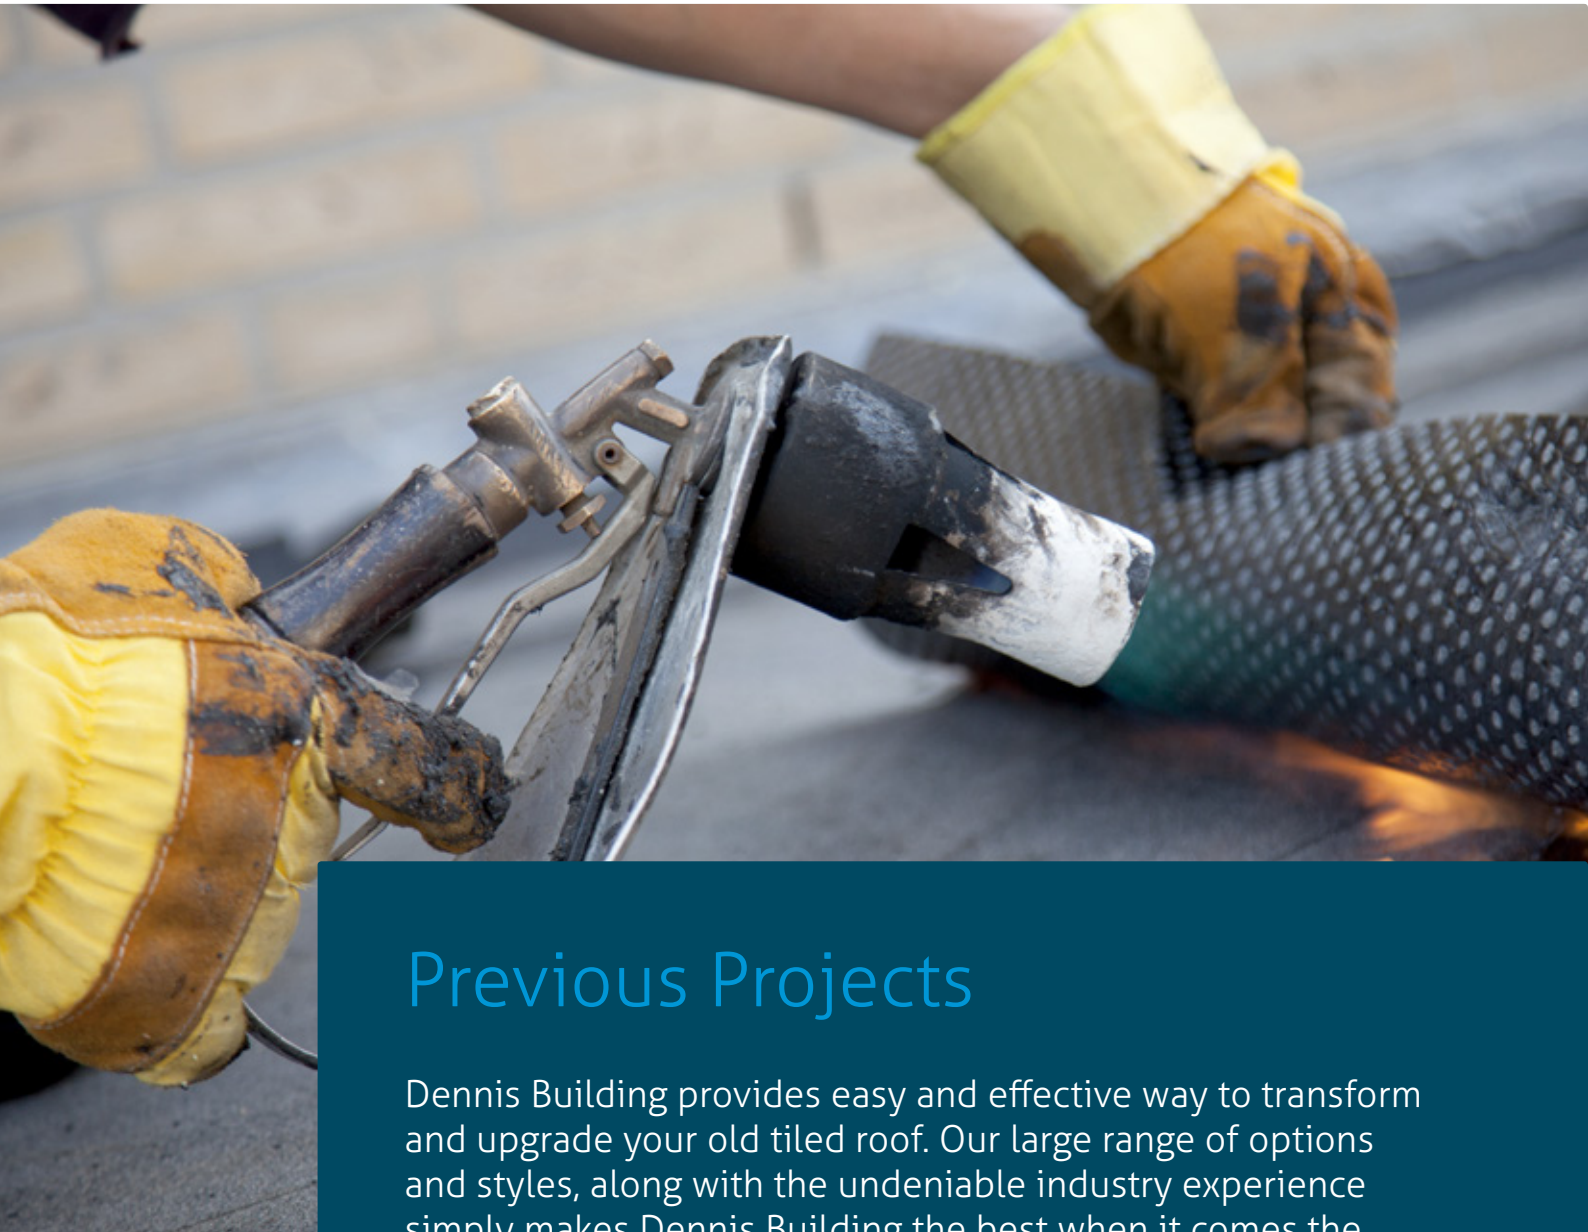

We are experts in the management and the coordination of damage repairs and responsive maintenance. We specialises in many types of responsive maintenance activities. including plumbing, electrical, carpentry and locksmith works. At Dennis Building, we understand the importance of getting the work done quickly so that inconvenient building problems are resolved promptly and with minimal fuss. We take pride of the work and also we carry our while exceeding our customer's expectations.

Get the best looking roof on your street with a **roof restoration** from Dennis Building

Previous Projects

Dennis Building provides high quality technical solutions meeting the requirements to the Fire Safety Upgrade Projects.

Previous Projects

Dennis Building provides easy and effective way to transform and upgrade your old tiled roof. Our large range of options and styles, along with the undeniable industry experience simply makes Dennis Building the best when it comes the big jobs such as replacing your roof.

Your disaster ends...
when **Dennis Building** arrives...

Roof Upgrades

We specialise in roof repair, maintenance and tiled roof restoration as well as metal restoration. We also have specialised team of fully qualified tradesmen who are experienced in all aspects of roofing work, including the installation and metal roof and replacement of both tiled as well as repairs and restoration.

Concrete Upgrades

Concrete is a widely used building material in all forms of construction. Maintenance is an important aspect to maintain the up-keep of the current form and continue structural integrity. We provide a wide range of maintenance procedures using high quality products with quality workmanship to prevent and inhibit deterioration in all concrete construction. We specialise in detecting and repairing spalling concrete which has the potential to affect any building or structure in which concrete has been used such as floor slabs, stairs, walls and etc.

Disaster Damage Restorations

It does not matter how big or small about your storm damage job might be. We have seen it all and have the experience to fix any exterior paint damage, siding damage, gutter damage, fence damage, window damage and especially roof damage. We take pride in being locally owned and operated and employing the best contracting and storm damage roofing repair experts to offer.

Hail Storm Damage Restorations

Sydney is no stranger to storms. If you are evicted from your home or unit or are faced with significant damage following a storm, we can provide you with a fast quote and quick responsive service. We can dispatch a qualified professional to your home or building to assess the damage and get the repair work underway. Hail can do a surprising amount of damage in little time and if that damage is not quickly addressed it can cause expensive problems in the future - a damaged roof is sure to leak and also be that much more susceptible to more storm damage.

Previous Projects

Dennis Building provides recovery and restoration services throughout the housing Sydney NSW and the commercial property owners who have experienced a natural or man-made disasters.

Previous Projects

Dennis Building is Sydney's leading home restorations & renovations expert for over 30 years. We specialise in design and construction and are able to provide total makeovers for all types of house. We are Master Builder and are proud of our reputation for high standards of workmanship, creative design and value for money.

Restorations & Renovations

We have a great deal of experience in home restorations and house extensions and have a list of satisfied customers. Our key focus is to provide you with all services and support necessary to complete your renovations from start to finish, helping with the options and guide you through the decision making process. We can work on the renovation plans that you provide or we can get our team to come up with a new plan that meets both your budget and needs.

We Can Advise on All the Important Issues:

- Is the house worth saving?
- The most cost effective ideas to get maximum value for your spend and your needs
- Alterations which match or contrast the style of your home or add your own style
- Make your home more light, space and energy efficient

Window Factory
